

Please note: ● are pillars

▨ are access areas for fire extinguishers

⌘ are service chests that receive supplies solely from beneath

Access may be required to extend these services to other booths, particularly smaller ones.

The entry to Hall 7 is open as marked, integrating the space between Halls 7 and 6 into Hall 7's area.

Hall 6, which is linked, will comprise of 5 session halls (three with a capacity of 600, two of 400), the poster area, and arenas.

Only shell scheme packages are valid for the three areas designated in brown.
